

## San Jacinto River Authority August 2023

---

### SJRA approves 2023-2024 wholesale water rates with no increases

Groundwater and surface water rates for Groundwater Reduction Plan customers will see no increase in the 2023-24 fiscal year.

We work hard to provide a diversified portfolio of water supply sources for Montgomery County at the lowest possible rate. Read more:

### Lake Conroe Turns 50 in 2023

Lake Conroe turns 50 years old  
this October! Follow SJRA's social

media channels to find out fun facts and information about the lake through September and October!

## Congressman Morgan Luttrell Visit

This month, Congressman Morgan Luttrell and his staff visited SJRA's Lake Conroe Division to see firsthand the lake levels and dam operations. Thanks to all of our Lake Conroe Division staff for facilitating this visit. We are so grateful to have him represent the best water in Texas!

Nature is calling and Lake Conroe is ready to answer! With only a few more days left in August, celebrate "National Fishing Month" by hitting the water and fishing on Lake Conroe!

Located at the Lake Conroe Dam, the Groundwater Reduction Plan Division (GRP) is one of many GRPs in the region that is responsible for implementing a countywide program to substantially reduce future groundwater usage from the Gulf Coast Aquifer by ensuring a reliable, long-term diversified portfolio of alternative water supply sources for all of Montgomery County.

## Water Conservation

As the warmer weather increases and our blooming plants require water, it is important to keep in mind water conservation tips. Did you know that you should water once every five days? This encourages deeper, more drought-

tolerant roots.

The San Jacinto River Authority (SJRA) receives no money from the state, nor does it collect any type of taxes.

SJRA's mission is to develop, conserve, and protect the water resources of the San Jacinto River basin. Covering all or part of seven counties, the organization's jurisdiction includes the entire San Jacinto River watershed, excluding Harris County. The SJRA is one of two dozen river authorities in the State of Texas, and like other river authorities, its primary purpose is to implement long-term, regional projects related to water supply and wastewater treatment.
